### HOST TEAM TRAINING

Do you love being greeted when you walk in to the church? Enjoy your morning cup of brew before service time? Has our welcoming host team made you feel at home? Our host team loves helping everyone that walks through our doors and making them feel like part of our family. We are looking for more friendly faces to join our team. Help us help everyone once a month. See Jessica Chavarria or Cely for more info.

**A host team training will be offered after service on January 21st. Pizza will be provided.**
